

## **RALLY THE TROOPS**

1. *Every single person in your group* reach out to **at least 20 people** in their community – neighborhood, temple, church, school, district, gym, sports team, etc. – **invite them to a new chat / thread.**
2. **Ask them if they know about the “Bad Bills”** that are currently on the California legislative floor. See **FLTJ’S “California’s 5 Bad Bills.”**
3. **Ask them if they read [Governor Newsom's SMARTER Plan](#)** announced Feb. 17.
4. **Organize a 2 hour *in person* meeting** to discuss these and how to defeat them.

## **ORGANIZE & STRATEGIZE**

**NOTE: Not everyone has to do every activity to lobby against every bill. We are at War.** They are coming after our kids, our health, our work, our freedom and are intentionally trying to overwhelm and shock us into paralysis and inaction, or to flee. **We must divide and conquer:**

1. Decide which bills / issues are most important and pick 1-2 bills to focus on.
2. Decide what activities you are best at, e.g. researching, writing, meeting, persuading (arguing), graphics, cold calling, educating, fund raising, praying, baking (to fuel the warriors).
  - a. *Everyone's skills are needed. We are at War and we need all the warriors' tools, strengths and skills.*
  - b. *Please seriously think of this as pulling together your Army to head into the Legislative Battle.*
3. Sign up to follow each of the following organizations:
  - a. **California Freedom Keepers** – for immediate “calls to action” to movement on any important bill:
    - i. [@ca\\_freedom\\_keepers](#) on Instagram
  - b. **A Voice for Choice** – for updated bill analysis and updates re: what is going on in the Legislature:

  - c. **PERK – Protection of the Educational Rights of Kids** – analysis, updates, calls to action

  - d. **@Rooted.Wings** on Instagram, Telegram and Gab – real-time updates and calls to action:

4. **Hit the “Notifications” buttons** to ensure you receive the updates / info. in real time.

## **ATTACK**

There are two ways you can push back on the bills: your group direct to your local city and county, business and special interest, and state representatives, OR [sign up to volunteer with @ca\\_freedom\\_keepers](#) to assist them with their efforts. Whichever way you choose:

1. **Read this “[Crash Course to CA Legislature](#)” AND/OR**
2. **Watch this “[Convention on Health Rights Choice CA Legislature training video.](#)”**  
Both explain:
  - a. (1) How the CA Legislature works – how a bill becomes law, timing, how to request meetings with and meet with your representatives;
  - b. (2) CA’s Legislative History re: medical and health freedom, a.k.a. “How We Got Here and Where We Could Be Headed”
  - c. (3) High level overview of the (at that time) 5 Bad Bills (now 4).
3. **[Sign up for a California Freedom Keeper “Take Action Town Hall”](#)** to learn these skills in person *while connecting with more people in your community.*
  - a. Your representatives care about what *you* – their local constituent – thinks. *The more of you in your direct community pushing back at the same time on the same representatives will make the biggest impact.* This is why reaching out to people in your community and attending events in your area is so important. ***More local Warriors to recruit to your Army!***
  - b. Note: there will be times we *all* need to push back on certain Reps regardless of where we live and who they represent because they are the co/authors of a bill or in the Committee discussing the bill. However, **we will let you know who those Reps are and when to start communicating with them.**
  - c. **Find your state representatives:**
    - i. <https://findyourrep.legislature.ca.gov/>
    - ii. <https://www.senate.ca.gov/senators>
4. **Do what they teach you!** It is too much to list, here, and covered in the video in Step 1, but **the most powerful steps to begin with:**
  - a. Volunteer to help train constituents to hold meetings with their representatives through CAFK Volunteer Projects.
  - b. Write an opposition letter as an organization or profession and submit to the position portal on senate committee or assembly committee position portals.
  - c. Attend a TATH or help host one in your area.
  - d. Meet with and ask your School Boards and Boards of Supervisors to write a resolution in opposition of the vaccine mandates.
